

## LAMPERT IN CHARGE

**FORMER POLICE CHIEF IS AGAIN ON DUTY—ASKS AID OF PUBLIC**

Two familiar figures greeted callers at police headquarters this morning, J. P. Lampert in the chair as chief and Officer McLean, who had been off the force for a few weeks. Harmony and good-will prevail in all department at the City Hall and team work will be practiced, so that the public good will be promoted.

Chief Lampert asks the earnest co-operation of every citizen with the police department that crime may be kept down to the minimum. He suggests that neighbors work together, so that if one family has to be away from home the other can keep watch of the house, especially at night. If any suspicious circumstance is noted, police headquarters should be promptly notified, he says, and officers will be promptly sent to investigate. Even if it does prove to be a false alarm, no matter. It is better, says Mr. Lampert, that officers be sent half a dozen times on fruitless errands than that one call should be neglected. It can readily be seen that the city cannot furnish policemen enough to thoroughly patrol the city, for that would require more than a hundred men, but much can be done to prevent crime by thorough co-operation of the public with the police, who are just as anxious as the householders to prevent burglaries and holdups. So, instead of criticizing the police for failing to gather in all the criminals, says the chief, work with them to the best of your ability and much may be done to eliminate crime.

## Childs Tract Activity

The Childs tract, that portion of it bounded by Glendale, Elk and Lomita avenues, and Everett street has taken on a new lease of life lately. In the selling and building lines. Lots have been sold singly and in groups and many buildings have been started, varying in size from two rooms to ten and in price from \$500 to \$10,500. With the start already made it is confidently predicted that a well built up home section will be seen here before many months pass.

## Lane Funeral

The funeral of Sarah, 16-year-old daughter of O. M. Lane and wife, for several years residents of Glendale, but now living in Venice, was held yesterday, in the latter city. She was drowned Tuesday afternoon by being carried out into deep water by a sudden ground swell which swept many bathers off their feet. Others narrowly escaped drowning. Sarah was the eldest daughter in a family of nine children. She was a granddaughter of D. C. Lane and wife, 327 Vine St.

## YOUNG PETITIONERS

**ADDRESS THE BOARD OF TRUSTEES IN FAVOR OF CITY RECREATION CENTER**

Miriam Whitten, Leslie Levell, Jack Trafton, Carol Case, Anna Belle Rhodes and Archie Neil, all pupils of the Intermediate School, were present at the meeting of the Board of Trustees of the City of Glendale last evening in behalf of the proposed recreation center for the city. The visitors were represented by Miss Miriam Whitten and Leslie Lavelle who presented a petition, the length of the manuscript being 36 feet, favoring the enterprise mentioned above. One of the speakers impressed upon the Board the importance of providing recreations and amusements in Glendale for the boys and girls so it will not be necessary for them to go to Pasadena and other towns to swim and participate in other games. Mrs. Bartlett, chairman pro tem, of the Board, responded very ably, thanking the young people for their patriotic spirit and assuring them the Board would do all in their power to bring about the result which their long petition asked for.

Jack Trafton, one of the number, propounded the question, "What assurance have we that the things asked for will be given to us?" The chairman signified her approval of his question and assured him that every effort would be made to give what was asked.

The spirit of the young people favoring a community improvement was commended by all present.

The boys of the High School are to give their annual stag party to night.

## AFTERNOON PARTY

**LITTLE GERALDINE KELEHER'S SEVENTH BIRTHDAY CELEBRATED TUESDAY**

Geraldine, daughter of Mr. and Mrs. T. J. Keleher, 528 North Louise, was given a very pleasant party in honor of her seventh birthday, Tuesday afternoon. Decorations were in Hallowe'en colors and the rooms were eerie with witches, owls, pumpkins, etc. Hallowe'en games were played for prizes of like nature and the favors bore out the same spirit. A large birthday cake crowning the tables at which the 24 little people gathered was the center of attraction. Mr. Isaac photographed the entire group and each child is to get one of the pictures. Caroline Cassidy gave two fancy dances, "La Petite Poquette" and "Danse Eccentric." Mrs. Keleher was assisted in her pleasant task of entertaining her daughter's little guests by Mrs. Harry Levey, Mrs. Joe Goldstein and Mrs. Jack Monaghan.

The 23 little guests who helped Geraldine to so enjoyably celebrate this birthday were: Dorothy Levey, Fern Johnson, Alice Burnham, Dorothy Burnham, Virginia Endicott, Dorothy Clark, Edith Wintersgill, Dorothy Styles, Esther Wintersgill, Carleton Osgood, Winifred Monaghan, Thomas Taggart, David Taggart, Caroline Cassidy, Jackie Monaghan, Margaret Andrews, Julius Goldstein, Alice Andrews, John Laughlin, Peggy Clark, June Goldstein, Betty Clark, Virginia Keleher.

## TRUSTEES' MEETING

**UNUSUAL AMOUNT OF BUSINESS TRANSACTED BY BOARD AT WEEKLY SESSION**

The Board assembled at 8:20 p. m., October 14, 1920. There were present Trustees Mrs. Bartlett, Henry Robinson, Stephenson. Absent Shaw. In the absence of the chairman, Trustee Bartlett was appointed chairman, pro tem.

The minutes of the regular meeting of October 7, 1920, were read and approved.

C. L. Chandler representing residents of Verdugo Canyon addressed the Board requesting that the Trustees reconsider the action taken at the meeting October 7, 1920, by which Dr. Fareed was granted a permit to operate a rest cure establishment. Trustee Robinson made a motion that the Board reconsider its action by which Dr. Fareed was granted the permit and the same was adopted. On motion of Trustee Robinson the hearing in the case of Dr. Fareed's application was set for 8:00 p. m., October 21, 1920.

A delegation of young people of the Intermediate School appeared before the Board and presented a petition as follows: "Whereas, you have recognized the necessity of a recreation center, we, the undersigned children of Glendale, do hereby petition your Honorable Body to call a special election at the earliest date possible to vote bonds for said expenditure." The petition contained a very large number of signatures and was presented with appropriate remarks by Miss Miriam Whitten and Leslie Lavelle.

The hearing of protests against the opening of Commercial street was called up at this time and only one protestant appearing to express his disapproval of the project, the hearing was on motion of Trustee Henry postponed for one week.

The hearing of protests against the improvement of Sycamore Canon Road was called for. In this connection the Engineer's report was read as follows:

Total frontage in district, 119,100 feet.

Total frontage in petition, 62,286 feet.

Total area in district, 556.75 acres.

Total area in protests, 297.61 acres.

Protests on frontage basis, 52%.

Protests on area basis, 53%.

A few of the protestants were present, but there was no discussion of the matter and a motion made by Trustee Robinson and seconded by Trustee Henry over-ruled and denied the protests.

In regard to application made at the meeting of October 7th by the Bruce Dairy of Burbank, represented by C. W. Wilson, the health officer recommended granting the same and on motion of Trustee Henry the permit was granted.

A letter was read from Albert D. Pearce regretting his inability to serve on the promotion committee

## OPPOSE ANTI-ALIEN LAND LAW

**SAN FRANCISCO CHAMBER OF COMMERCE CLAIMS PROPOSED AMENDMENT WOULD BE INEFFECTIVE**

(Special Service to Glendale Evening News)

SAN FRANCISCO, Oct. 15.—In a formal statement the San Francisco Chamber of Commerce today announced its opposition to the proposed California amendment to the "Anti-Alien Land Law," on grounds that the amendment would be "ineffective." While declaring its opposition to further immigration of Japanese, the Chamber of Commerce statement said the matter should be settled by treaty between the United States government and Japan.

TOKIO, Japan, Oct. 15.—A high Japanese official today declared Japan feared more what would happen to Japan if the California law is enacted in November than the result in California.

"Anti-American feeling, fanned by some sensational newspapers, is beginning to take a hold of the Japanese people," he said. "Thus far mainly the laboring people have been effected, but the intellectual classes are becoming excited."

## INTERNATIONAL CO-OPERATION

**THIRTY-ONE PROMINENT MEN SIGN STATEMENTS UP-HOLDING HARDING IN PLAN FOR WORLD PEACE**

(Special Service to Glendale Evening News)

NEW YORK, Oct. 15.—Republican national leaders were today elated over what they consider the most effective coup of the presidential campaign, following issuance of statements of thirty-one prominent advocates of "international co-operation to promote peace," supporting Senator Harding. Among the prominent signers are Elihu Root, George Wickersham, Lyman Abbott, Herbert Hoover, Charles Evans Hughes, Ray Lyman Wilbur.

## PROBE COAST BASEBALL

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 15.—The county grand jury today side-tracked the Denton murder probe and took up its investigation of alleged coast league baseball gambling, and the buying of last year's pennant by members of the Vernon team.

W. Baker (Babe) Borton, former Vernon first baseman, was the first witness called today.

## WALNUT GROWERS TO SELL DIRECT

LOS ANGELES, Oct. 15.—The California Walnut Growers' Association announced it would sell directly to retailers, eliminating wholesalers, locally. The announcement was followed by indications that the wholesale grocers may fight the move.

for the proposed bond issue. On motion of Trustee Stephenson the resignation of Mr. Pearce was accepted and the chairman appointed as a member in his place H. M. Butts.

In regard to the convention of the League of California Municipalities at Chico communications were read from the Mayor of Santa Monica, from the President of the League, and from the City Clerk of the City of Chico, all being referred to the City Manager, who, on motion of Trustee Henry, was authorized to represent the City of Glendale at the Chico convention, his expenses to be paid by the City.

The City Manager recommended that the application of E. B. Turek for a permit to remove a tree in front of 451 Riverdale Drive be granted and on motion the recommendation was approved and the permit granted.

The City Manager reported that he has called a meeting of property owners interested in the improvement of Brand Blvd. between the south line of Colorado street and the former boundary line between the City of Glendale and the City of Tropic: that fourteen property holders and persons interested were in attendance at the meeting and it was voted unanimously that any improvement plans that were adopted for the paving should include the lowering of the tracks and the paving of the railway right of way. It was also decided that another meeting should be called at an early date to be held at the High School and all persons holding property fronting on Brand Blvd. within the city limits and others interested be requested to attend for the purpose of discussing plans and means of securing the lowering of the tracks on Brand Blvd. throughout its entire length and the paving of the entire right of way.

The City Manager presented a copy of a proposed contract between the Paraffine Cos., Inc., and the City of Glendale under which the city will receive \$10.00 a ton for waste paper baled. He estimated that there would be about ten tons per month handled under the terms of this con-

## OCTOBER HOLDS UP

**BUILDING PERMITS SHOW CONSISTENT AVERAGE FOR PRE-ELECTION MONTH**

Glendale's building permits for October are now in excess of \$160,000 and there are some good-sized ones for business buildings soon to be taken out. Indications are that October will be another great month for permits, even if it is so close to the national election, which always has a quieting effect on business of all kinds. But Glendale is more than keeping up with other cities of the Southland in building and will undoubtedly again hold the record of the fastest building city of its size in the United States, and for that matter, the world. And yet with the hundreds of new homes erected in the city the past year the shortage seems as acute as ever, for scores of people every week are vainly seeking places to live in Glendale. Latest reports are that the nation is still short 2,000,000 homes with building of this character almost at a standstill in most eastern cities and towns. Glendale is setting an example to the whole country in keeping up its intensive building campaign.

Yesterday was typical of the steady average progress made in this line, with more than \$20,000 in permits, all for residence purposes.

## A Building Prophecy

On a large sign at the northeast corner of Harvard and Brand is the significant statement, "This block to be built up solid." That means an unbroken row of business buildings from that corner to Brand and Broadway, southeast corner. It will be more than half accomplished when the Goodno and Roy Kent's buildings, recently commenced, are completed. Eight years ago there were but two buildings in that entire space—the greenhouse and a residence at 128. Now the First National Bank, Chaffee's, Doner, Hemenway & Burn and Blankenship buildings are there, in addition, also the new Glendale Theater with a frontage of 75 feet and the two new business houses just commenced with 51.72 feet frontage, each. Glendale certainly "do grow."

## Central Avenue P-T. A.

The Central Avenue P-T. A. held its first meeting Thursday afternoon in the school auditorium, and was called to order by the new president, Mrs. W. A. Campbell.

The speaker for the afternoon was Prof. Richardson D. White, who gave a most interesting address on "Patriotism," showing clearly the urgent need of strong moral support by the organization in keeping our school children patriotic, and also solicited the support of all present for the interest of the schools on Amendments Nos. 12 and 16, which will come up at our November election.

After the meeting adjourned, a social hour was enjoyed, during which tea and cake were served. Many new members were welcomed.

## Baseball Notes

The Vernon baseball team, commonly called the Tigers, won the Pacific Coast League championship by annexing yesterday's game. Los Angeles stands third. Another event in baseball circles was the arrival of Tyros Cobb, Detroit's batting champion, who has stood at the head of all the players in the country in this particular for several years. He is to take part in a series of games to be played on this coast by teams made up from the two major leagues.

port in reference to conditions at the corner of Verdugo Road and Garfield avenue. The communication stated that the present depression maintained in Verdugo Road at this point is very unsatisfactory and he recommended that as the property owners at this intersection have once paid for the improvement, the sum of \$300.00 be appropriated for the reconstruction of a portion of this intersection with concrete. This was ordered.

The City Manager submitted a communication stating that the sum of \$1,550.00 had been appropriated for the purchase of a book-keeping machine for the Public Service Department and recommended that the City Clerk be instructed to call for bids for the same. He further stated that the budget contained an appropriation of \$500.00 for a fire-proof filing cabinet for the Public Works Department and recommended that the Clerk be instructed to advertise for bids for one fire-proof filing cabinet.

(Continued on Page 12)

## DRIVE FROM SEATTLE

**RHODES FAMILY COME BY AUTO TO BUILD ON LOT LONG OWNED**

E. E. Rhodes, wife and little son have just arrived in Glendale from Seattle, Wash., whence they started September 15th, in their auto. They came by the Pacific highway and had a very pleasant trip, stopping several days in Bakersfield. About four years ago Mr. Rhodes traded for a lot in Glendale, at the corner of Windsor Road and Glendale avenue and had never seen it, as this is his first visit to our city. He has set up a tent house on the lot and they will bunk in that and the auto until they can build, which will be soon. Mr. Rhodes thinks he will build a double house on the front and possibly two smaller ones on the rear of the lot, which will mean three for rental purposes.

Mr. Rhodes, like so many who come to Southern California from the colder sections, is a newspaper and job man, and thinks of taking up that trade after he gets his building done.

## Fareed Hearing

Verdugo Woodlands was well represented at the meeting of the Board of Trustees of the City of Glendale last evening. At the meeting of the Board the week preceding a permit had been granted to Dr. Fareed to conduct a rest home in the Woodlands territory. Although everything seemed to be very satisfactorily explained to the Board at that time, a number of citizens of that place think the permit should not have been granted. So, there appeared before the Board last evening Mr. and Mrs. Chas. L. Chandler, Mr. and Mrs. Wm. Lindsay, Mr. and Mrs. F. D. Myers, W. H. Joplins, Mr. and Mrs. Cleveland, Mr. and Mrs. Leonard Miles, E. Mader, Mr. and Mrs. Fell, Charles Allison, and others, asking that the Board reconsider their action in granting the permit. The Board concurred in their request, and on motion it was decided to have the question reconsidered, and a hearing will be held at the next regular meeting of the Board, at which time it is expected both sides will be represented.

## Pacific Avenue P-T. A.

The Pacific Avenue P-T. A. held its first meeting of the year yesterday at the schoolhouse, with an attendance of 65 or 70. Mrs. Harry Greenwalt gave a most interesting address on state legislation in general as it concerned the schools, and Prof. Richardson D. White explained Amendments 12 and 16 very clearly. Mrs. John Robert White, president of the local Federation of P-T. A., was present and gave a very pleasing talk. Piano solos were rendered by Miss Tuttle and then refreshments of tea and wafers were served. The records showed that the present membership is 255. It was 200 at the close of the last school year.

## PEACH ORCHARD

**MRS. JAMES LEACH LOOKS AFTER EIGHTEEN ACRES WITH SIX VARIETIES**

The largest peach orchard in Glendale is the one of 18 acres at the foot of the hills across the Wash from East Palmer avenue. It is part of the Erskine acreage which once included a very large tract in that section but which has mostly been sold off. James Leach owns 10 acres of the peach orchard in question and Mr. Erskine the balance, but the former controls all of it, having the Erskine portion under lease. There are six varieties of peaches in the orchard. The early May freestones come in first, either the last of May or the first of June. Then come the Elbertas and Crawfords, lasting all through August and a white cling peach, name unknown. Next are the Salways—freestones—and the Phillips, clings, and, last of all, a yellow cling that is now ripe. There are 50 or more trees of this latter kind and they are of fine flavor. Mrs. Leach manages the peach picking, about 100 hens and a goat. She says it keeps her busy, as there are four children to be looked after also, but it is a life she enjoys. The house attached to the place is north of the Wash, at 612 East Palmer avenue. This Wash which receives all the overflow from Sycamore Canyon in flood times, attains large proportions once in a while but has never done any serious damage while she has been living there.

#### Gossard Front Lace Corset, \$6.50

FORMERLY \$7.50 TO \$11.50 MODELS

Ready for your consideration

#### CHILDREN'S OUTING SLEEPING SUITS AND GOWNS

Installations of light meters were ordered yesterday by J. B. Burns at 640 Milford, Wm. Shemely at 340 North Jackson, J. A. Byerly at 1016 Florence Place and C. A. Keighan at 125 South Maryland avenue. This latter is the new candy manufactory back of the Glendale Theater and both light and power were ordered.

### Reading Circle

The regular meeting of the Mutual Benefit Reading Circle was held in the Public Library yesterday. Mrs. Z. Gibbons gave a review of an article by Dorothy Canfield Fisher, on "Facts vs. Education."

Mrs. C. E. Peck, of Calexico, has received her certificate from the United States government for completing the reading course. She is the first member to have completed the course.

Mrs. R. T. Burr has been appointed sub-chairman of Reading Circles for the First District.

Mrs. W. W. Stofft reported that the Circle has 170 members.

In the afternoon Mrs. H. V. Henry continued the reading of a book "Increasing Home Efficiency," which dealt particularly with the budget system.

### BIBLE CONFERENCE

DR. A. C. DIXON GIVES FINAL ADDRESSES AT PRESBYTERIAN CHURCH

Dr. A. C. Dixon's last exposition was given yesterday afternoon on "The Death of Christ, the Glory of the Incarnation." In the evening his subject was "Victorious Life." A few extracts from his sermon are as follows:

"In reading the Psalms we nearly always omit the word 'Selah.' The word is hard of interpretation, but one explanation of it is 'stop and think of that!' There are three selahs in the 46th Psalm and all through it is the Psalm of Victory. First, victory over the things that pursue. 'God is our refuge.' The moment you take refuge in the Lord Jesus Christ you have gained the victory over anything that pursues. Second, victory over the things that weaken. Protection isn't everything in religion. We need sustenance and strength that come with growth. If we could get back to the primitive faith we would have the primitive power. What we want is the power from on High. It is the upward look to the Holy Spirit that brings the power for salvation. Third, victory over the things that trouble. God is our very present help in the time of trouble. God makes our troubles stepping stones to something higher. The Lord has a way of letting the furnace be heated seven times hotter than ever before just that He may go with us and we come out unharmed. Your sorrow may literally be turned into joy. Diamonds are crystallized charcoal. And God transmutes the black charcoal of sorrow into the glittering diamond of joy. Fourth, it places victory over the things that frighten and trouble. Therefore will we not fear though the earth be removed and we fall into the midst of the sea."

"Lastly, victory over the things that hinder and destroy. God Himself is the great river or reservoir and out of Him has come the irrigation canal, the streams that are the source of our supply in all things. 'Be still and know that I am God.' Are you living the victorious life every day over all sin?"

At the close of the sermon Mrs. Retts sang "I Know Its Real." There is no afternoon meeting today. This evening Rev. James Leishman, associate pastor of the Pasadena Presbyterian church, will give the preparatory sermon for Sunday's communion service.

Advertise in the Evening News.

# GET RID OF THAT COLD

There is an epidemic of Colds and La Grippe just now and most cases are proving quite obstinate. However, we have heard splendid reports from those who are using

## "R. & E." COLD TABLETS

### Buy a Box and Use as Follows:

Adults take one tablet every three or four hours during the day and one or two tablets just before going to bed. Continue to take one or two tablets upon retiring for four or five nights to get the cold out of the system.

In severe cases, drink a glass or two of hot water or lemonade just before retiring, get into bed and keep covered up. Secure free perspiration if possible.

In treating colds it is very important that the bowels should move freely at least once a day. This preparation moves the bowels gently without griping.

Children—From 5 to 12 years of age, from one-half to one tablet according to age. Owing to the bitter taste when tablets are divided they are not well adapted for children under 5 years of age. In all cases the tablets are to be swallowed whole, not chewed.

## Are You on the Honor Roll?

The Glendale Research Hospital was incorporated for \$100,000 and books were opened in April of this year for the sale of stock. Now more than \$85,000 of this stock has been subscribed and the work of construction on the hospital is proceeding rapidly.

Over 150 Glendale families are stockholders in the Glendale Research Hospital. We are proud of this record which means that this hospital is a Glendale institution, owned by Glendale people and that Glendale people will receive its humanitarian benefits as well as the financial returns from it.

The names of these 150 men and women look good to us; they are all the evidence we need that this hospital is going to be managed right—but we want YOUR name among them. Every stockholder means that much more prestige for the hospital, so the more the better.

We are going to sell all of this stock; we are going to open the Glendale Research Hospital free of debt and we want to close our books soon. You have decided to buy stock before it is too late. Why not close the matter up now? You can make your payments monthly or quarterly if you wish.

### Invents Life Suit

A Hungarian of New York City, Laszlo Keviczky, is the inventor of the "Dreadnought Life Saving Suit" which is reported to have been tested and declared satisfactory by various government officials, among them Lt. Commander Douglas of the U. S. Aviation Corps at Rockaway Beach.

The suit is made of material which is proof against air and water so that the wearer can work in water of a temperature as low as 40 degrees below zero. It is said to be non-sinkable and the inventor claims that the wearer can support on his shoulder an anchor equal to the weight of six men and still keep his head above water. The suit was designed with special reference to the needs of aviators, lighthouse workers and fishermen.

Mr. Keviczky was born in Honnig, Hungary, and immigrated in 1906 to the United States, where he has since been employed by various shipping and banking agencies.

Another of the new streets in the extreme western part of the city is beginning to attract some attention from builders of moderate means who find it necessary to secure lots at medium prices. This is Concord street, which parallels State, Chester and Commercial in the same section. R. E. Agnew has started a garage at 541 and a residence will follow later. This section is level, the soil is good and grape vines cover many of the lots.

## AS TO ATHLETICS

PHYSICAL EDUCATION ABSOLUTELY NECESSARY FOR HEALTHFUL LIVING

BY ALFRED COOKMAN  
Department of Science, Glendale High School

In the human, mind controls the body. We are, the most highly differentiated organic being. Our one power to reason has placed us at the very pinnacle of creation. We are a bundle of habits and our intelligence leads us here and there, either constructing or destroying, building up or tearing down, cutting short or prolonging the efficiency of the animal machine. Direct your education in the right channel. Understand your own mechanism.

The cell is the unit of structure. Each cell plays its own game in the development of the organism. We are a multi-cellular organism. Each tissue is a combined mass of organized unit structures. The muscles of the human body weigh nearly as much as all other tissues together; we realize how important these tissues are. Let us count up some of the activities in which muscles are necessary; swallowing, digesting food, breathing, blushing, writing, walking, talking, looking, tasting, chewing, frowning, smiling, laughing, circulating the blood, etc. There are only a few things, such as hearing, smelling and feeling that can be accomplished without muscular activity.

All the tissues of the body are built, maintained, and repaired by living cells. Life and health depend upon the proper continuous activity of these cells, and anything that aids in this activity strengthens the body and prolongs life; anything that injures them or interferes with their activity, impairs the health and shortens life. Growth and repair of tissues are promoted by sunshine, by fresh air, by drinking plenty of pure water, by good food, by activity and happy occupation. Weakness and injury of cell and tissue result from depriving the body of these conditions. When these essential conditions are absent, the first step in the restoration of health is to restore these conditions, and adapt the daily life to them.

It is a crime to injure the body. Injury to tissues shortens the life of the individual. "Self-drugging" by the public is considered by some the most fruitful cause of disease in the United States. "Mind cures" and kindred ideas often do more by rescuing victims from poisonous drugs than through their calming effect upon the mind.

"The body tends to health and not to disease." Work has never killed anyone, but little worries have brought down the health of the strongest muscular individual.

Physical education will do more for a man and woman than almost anything else in the world. To develop and know yourself is one of man's grandest assets.

It is well known that the activities upon which life depends involve a continuous expenditure of energy. The beating of the heart, the secretion by glands, the contraction of muscles, and the discharge of nerve impulses—all expend energy. There is a constant breaking down of the cellular organisms, but nature builds up and restores her lost organs to a certain extent, especially when the individual realizes his limitations and uses "common sense" in all his activities and during his reactions. There is no excuse for a nervous wreck—a physical breakdown, when proper care and judgment have been followed.

The hygiene of exercise must be understood and appreciated. The effect of exercise on growth can not be overestimated. Dr. Henry Beyer of the United States navy has made most careful observations on the growth of 188 naval cadets who took special gymnastic exercises. He writes as follows:

1. There was an increase in height of more than one inch above that which took place without special exercise.

2. There was an increase in strength five times as much as the normal increase.

3. There was an increase in weight of seventy-seven pounds in the four years during which the observations were made.

4. There was an increase in lung capacity of 1.72 liters.

The growth of the body in height and weight is determined partly by heredity and partly by the kind of care the body receives. Height is determined largely by heredity, and weight largely by environment. Animals of every species are dependent upon movement for obtaining the necessities of life. We have inherited our muscular system, and with that inheritance we have discovered the need for activity. Note the training of our high school athletes for the great games of the season—fine, muscular bodies and a brain alert and active. The boy or girl in the public school should learn to enjoy and become proficient in some game or sport, so that in adult life this activity may be followed.

The danger for the nation, however, is not from athletics, but rather from a lack of all forms of physical education.

## Hospitality

A bottle of SIERRA CLUB Ginger Ale or Punch makes a delicious and tempting, yet inexpensive refreshment to offer the chance caller or the invited guest.

Both men and women like to offer SIERRA CLUB beverages to their friends because they are

## Superior Drinks

They are absolutely pure and healthful, they have a delicate, delicious flavor that distinguishes them from other "soft" drinks; they are invigorating, refreshing, stimulating and nourishing.

For Instance, Take a Bottle of SIERRA CLUB Ginger Ale, the Favorite Drink of Thousands, Both Summer and Winter.

It contains 8 ounces of the purest aerated water, 1½ ounces of the very best cane sugar, the blended juices of orange, lemon and lime and ginger, mixed and bottled under absolutely sanitary conditions.

We'll deliver a case of twenty-four bottles to you for \$2. A deposit of \$1.35 on case and bottles will be refunded on their return. Ask for Sierra Club Ginger Ale, Root Beer, Cherry, Orange, Lemon or Grape Punch.

## Month of October

Five of the twelve months that make up the year have succeeded more than the other seven in winning the attention of the poets. Stormy March, "with ugly looks and threats"; fickle April, "when every tear is answered by a blossom"; and merry May, "when those who love must love and wed." During the first half of the year these are the months of which the muse seems to be most enamored. Of the last six only two have ingratiated themselves into her affections—October and November.

But it is agreed by common consent that not much is to be looked for from November but bleak winds and bare woods and dark hours, while in October's tinted days we find a never-failing charm. It matters not how lavishly nature may have spent her energies, nor with what magic charm she may have worked during the spring and summer months, for October she has left still a goodly supply of her bounties. For some who love the garish days of August and July, October's sunshine may be a trifle wan and pale; but it is in just this softened light that the tints of wood and field appear to their best advantage.

Whether the dim gray clouds are scurrying on their endless journey, or whether the skies are so blue that they flash and "hold the sun immeasurably far," it matters not. Turn where you will, the magic of color is there—purple and gold, yellow and brown, and green and red, and all the intervening hues and shades mingled with such infinite skill and cunning the mystery of which no man may understand.

October days are not melancholy. They invite reflection and pensiveness, to be sure; but they invite also participation and enjoyment in all the wonderful things nature has created in the months preceding. Much though we may sound the praises of April and May as the days of planning and promise, it is not until October days that the full meaning of the hope of spring is borne upon us. October is the rugged manhood of the year in all its glorious strength; it is symbolic of tasks begun and carried through to the end; it is a synonym for achievement.

Wherefore for inspiration and renewing of courage, let us not forget strength-giving October.

Slang ceases to be offensive and is a joy to the ear when James Montague swings it easily and surely into his "More Truth Than Poetry" every day in the Los Angeles Examiner.—Adv.

## VERDUGO WOODLAND

ANOTHER FREE BAND CONCERT TO BE HELD SUNDAY AFTERNOON

"Making another Hollywood in the green Verdugo Woodland hills" is the keynote of a vigorous home building and lot selling campaign now being waged by the F. P. Newport Company at Verdugo Woodlands. The company reports sales aggregating close to \$100,000.00 during September and also that October bids fair to be a big month from a selling standpoint. It is said that about half a million dollars worth of public and private improvements have been established in this picturesque foothill location and at the present time the F. P. Newport Company has many Spanish and Colonial homes in the course of construction.

W. L. Twining, of the Newport Company, said yesterday: "Tens of thousands of people visited Verdugo Woodlands during the recent National Tractor Show which was held on our property and I had the pleasure of listening to many comments on the natural advantages of this location. Most people were impressed with the wonderful tree growth and the natural streams which course through the property. Some of them predicted that Verdugo Woodlands would rank with Hollywood, Altadena and Beverly Hills as a suburban residential place within a few years."

Havener and his concert band will render an attractive program at Verdugo Woodlands Sunday afternoon from 2:00 to 4:30 p. m. The entire public is invited and there will be plenty of free parking space.

## Price Slump Hits Japan

By HENRY W. KINNEY (United Press Staff Correspondent) TOKYO. (By Mail.)—While it is generally expected that Japan's business, which is still very much depressed, will revive considerably with the beginning of next year, it seems that it will be necessary to take far more drastic steps to bring this about.

Following the great drop of prices which took place some months ago and the great slump in the export trade, a great congestion of goods has occurred. This is seen very strikingly in the large ports, such as Yokohama and Kobe, where warehouses are crowded to the roofs with goods, ordered during the boom, when every importer figured that merchandise he ordered would increase materially in value while in transit. This had become so common that merchants had come to look thereupon almost as a fixed law of trade. Consequently when the slump in prices occurred, thousands and thousands of tons of goods ordered mainly for speculation, arrived, their prices on arrival being considerably lower than when they had been ordered. The consequence was that in many cases the consignees refused to accept delivery, while in others they were unable to secure the necessary funds from the banks, as these became extremely tight the moment the bottom dropped out of the market.

Some little relief has been obtained in some cases by reshipment of recently imported goods to foreign countries, and many a ton of merchandise made the trip back to America after it had been landed on the docks of Yokohama or Kobe. The warehouses remain crowded, however, and the existing glut becomes daily greater as the output of Japanese factories continues to add thereto. To offset this the leaders of many industries have restrained their production by operating only part time or by closing altogether. Thus the cotton mills run only sixty per cent capacity.

The one step which seems obviously necessary, namely, to get rid of the glut by selling the accumulated goods at lower prices, even at a loss if necessary, is the one step which the business community will not take, and in this attitude it is upheld by the Government, which has advanced tremendous sums to this and that industry for the purpose of keeping up the utterly abnormal situation. While this may postpone the day of reckoning, it will, of course, be impossible for the Government to advance funds forever, and the only real effect will be to make it take just so much longer for business to get back to a sound basis. In the mean time concern after concern is going under, some of them large ones. The Government, which is run almost exclusively in the interest of big business, is doing what it can to encourage various combinations for restraint of competition and upholding of prices, with the result that the general public sees little benefit from the slump in prices.

As a direct consequence of the stagnation in export and import business, shipping is suffering. During the war, when freight rates soared, Japan built hundreds of tons of shipping, but her great merchant fleet is beginning to become a white elephant on her hands. Freight rates have gone down to rock bottom, and charters with them. An ever-increasing number of vessels are being laid up.

All these conditions have not failed to have their effect on the labor market, as many workers have been

discharged altogether, including many seamen, while others work only part time. In the same way the middle class is being seriously affected, as many of the largest corporations are discharging employees, mainly in clerical positions, by the hundreds. The losses caused by the slump have been very largely "book" losses, as Japan still has her goods, her factories and her ships, as well as the great asset consisting in her industrious and, compared to America and Europe, virtually strike-free population. She must, however, train this laboring population to become far more effective, if she is to keep up successfully in the world competition. Furthermore, she must improve the quality of her goods, abandon shady business methods and extend considerable credits on her sales such as other countries do, but which she has heretofore declined to do.

## German Revival Seen

By CARL D. GROAT (United Press Staff Correspondent) BERLIN. (By Mail.)—Despite the slumping tendency in German industry at this time, it is remarkable that some important branches are showing signs of great improvement. Connections between shipyards and coal and iron works are being made in increasing numbers. The shipyards are making feverish efforts to renew Germany's commerce fleet.

Such reconstruction is given an impetus by the recent agreements between the Hamburg-Amerika line and the American Ship and Commerce corporation, and between the Norddeutscher Lloyd line and the U. S. mail steamship company. Admiral Benson of the U. S. shipping board has described these agreements as strictly business deals which will help put the American shipping business on a strong footing.

Here in Germany, one regards them as affording a field for activity for the old German companies and a starting point for a quicker rebuilding of the German fleet than one could have expected under the Versailles treaty conditions.

The German realizes that the American agreement is not made out of friendship for Germany, and he feels that there is in it a clever move to assure America's standing on the seas as against English competition. And, England manifestly is viewing the arrangement with the angry feelings of the "Zuspaetgekommenen" (the too late arrived) and, it is possible that England will strive, perhaps successfully, to make other connections with Germany for a co-operation in the shipping line.

## ORDINANCE NO. 403

AN ORDINANCE CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF GLENDALE ON THE 16TH DAY OF NOV., 1920, FOR THE PURPOSE OF ELECTING A BOARD OF FIFTEEN FREEHOLDERS TO FRAME A PROPOSED CHARTER FOR THE SAID CITY OF GLENDALE, ESTABLISHING ELECTION PRECINCTS FOR THE HOLDING OF SAID SPECIAL ELECTION AND DESIGNATING THE POLLING PLACES THEREIN.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. That a special election is hereby called and the same shall be held in the City of Glendale, on the 16th day of Nov., 1920, for the purpose of electing a board of fifteen freeholders to draft and propose a charter for the said City of Glendale.

Section 2. That for the holding of said election, said City of Glendale is hereby districted and subdivided into eight (8) election precincts, which eight precincts shall be a consolidation of the precincts fixed and established by the Board of Supervisors of Los Angeles County, comprising the territory included in the corporate limits of the City of Glendale, to which precincts, as so formed by the Board of Supervisors of Los Angeles County, reference is hereby made for a more definite description thereof. Said consolidated precincts, for the purpose of holding this election, shall be known and numbered as consolidated election precincts Nos. 1 to 8 inclusive. The following are the boundaries and polling places of said consolidated election precincts:

CONSOLIDATED ELECTION PRECINCT NO. 1, Comprising County Precincts Nos. 1, 2 and 10. Voting place: No. 611 North Central Avenue. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 2, Comprising County Precincts Nos. 4, 5 and 7. Voting place: No. 115 West Harvard Street. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 3, Comprising County Precincts Nos. 6, 13 and 14. Voting place: No. 300 South Brand Boulevard. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 4, Comprising County Precincts Nos. 15 and 22. Voting place: No. 1321 East Colorado Street. (Garage).

CONSOLIDATED ELECTION PRECINCT NO. 5, Comprising County Precincts Nos. 3, 8 and 9. Voting place: North side of Wilson Avenue, East of Orange Street.

CONSOLIDATED ELECTION PRECINCT NO. 6, Comprising County Precincts Nos. 11, 12 and 21. Voting place: No. 801 East Wilson Avenue.

CONSOLIDATED ELECTION PRECINCT NO. 7, Comprising County

## Sanitarium and Hospital

### THE PACIFIC PORTAL TO HEALTH!

Where Battle Creek methods including Hydrotherapy, Electrotherapy, Phototherapy, Diathermy, Massage, Dietetics, Manual Swedish and Physical Culture are used in helping people to win back health.

The principle of right living, the power of Nature to heal, the employment of air, light, heat, water and electricity is the basis of our treatment in combating disease.

### OUR DINING ROOM

Is open to the public. Meals are served European style and many who appreciate a wholesome, varied vegetarian diet patronize it more or less regularly.

Breakfast is served from 8 to 9; Dinner from 1 to 2 and Supper from 6 to 7.

### OUR MODERN HOSPITAL

Contains the most complete equipment and is apart from the Sanitarium buildings.

The first of eight units of our new half million dollar plant is nearly completed.

Precincts Nos. 16, 17 and 18. Voting place: No. 1006 South Brand Boulevard.

CONSOLIDATED ELECTION PRECINCT NO. 8, Comprising County Precincts Nos. 19 and 20. Voting place: City Hall Building, Brand Boulevard and Los Feliz, Second Floor.

Section 3. All candidates for the election of the office of freeholder at said election shall be nominated in the manner provided by the general law for the nomination of candidates for municipal offices in said City of Glendale, and in all particulars not herein otherwise specified, said election shall be conducted in the same manner as provided by law for the holding of general elections in said City of Glendale.

Section 4. The City Clerk of the City of Glendale shall certify to the passage and adoption of this ordinance and its approval by the President of the Board of Trustees of said City and shall cause the same to be published once in the Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale, and thereupon and thereafter shall be in full force and effect.

Adopted and approved this 14th day of Oct., 1920.

ANN P. BARTLETT,  
Pro Tem President of  
the Board of Trustees of  
the City of Glendale.

ATTEST:  
J. C. SHERER,  
City Clerk,  
City of Glendale.  
STATE OF CALIFORNIA, )  
COUNTY OF LOS ANGELES, (SS.  
CITY OF GLENDALE, )

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was passed and adopted at a regular meeting of the Board of Trustees held on the 14th day of October, 1920, and that the same was passed by the following vote:

Ayes: Bartlett, Henry, Robinson, Stephenson.

Noes: None.

Absent: Shaw.

In witness whereof, I have hereunto set my hand and affixed the seal of the City of Glendale this 14th day of Oct., 1920.

## Personals

Mrs. E. W. Barnard of Chicago is visiting her old-time friend and schoolmate, Mrs. Gertrude Johnston, of 145 North Louise street.

Mr. and Mrs. C. O. Gudtner of Beatrice, Neb., have come to Glendale to spend the winter and are living at 1245 Boynton.

H. B. Crocker is building a four-room California house on North Verdugo Road. The permit specifies \$250 as the cost of it.

H. L. Miller, John Judd, Jr., E. T. Allen, Chas. W. Kent and H. S. Webb left this morning for Bakersfield to engage in a two or three days' hunt.

A five-room California house and a garage have just been commenced at 430 Palm Drive by J. B. Rohrer. The cost of the improvement is given as \$1000.

Los Angeles, according to recent Federal statistics, has the largest high school in the United States, the Polytechnic Evening School, with an enrollment of 8440 pupils.

Wallace H. Frankland and wife of Washington, D. C., are guests of Mr. and Mrs. H. C. Mitchell, 1241 Boynton. Mr. Frankland is in the Indian Service as chief cost accountant.

Mrs. Lucy I. Harrington, ex-Recorder of the city and county of Denver, Colorado, who has been enjoying a vacation in the Southland, was in Glendale yesterday and paid a visit to the City Hall.

The first league football game of the season comes off this afternoon on the High School grounds, with Alhambra High. The home team and their supporters are keyed up to the highest pitch of enthusiasm and a great game is looked for.

J. F. Stanford yesterday renewed his building campaign, which has added fully a dozen new residences to Glendale, by taking out permits for two new houses, one of six rooms, also a garage, at 450 West Lexington Drive, to cost \$5250 and the other of four rooms, with a garage, at 523 Fairmont avenue, to cost \$3000.

Clifton C. Ehrenhart, who formerly conducted a meat market in Glendale, but who has been a salesman for one of the big packing houses the past year, is now a member of the Hurd & Berry firm, conducting the Acme meat markets in several cities, and will be with the market here in Glendale.

W. C. Buchanan and family have returned from their summer vacation and are again occupying their home at 612 South Verdugo Road.

Rev. R. W. Mottern has just commenced the erection of a 6-room residence and a garage at 211 North Adams, to cost \$3000. Geo. Daugherty is the builder.

Dr. C. L. Marlenee yesterday took out a permit for the building of the second unit of his bungalow court on West Colorado. This is to be a four-room residence, with a garage, at 312, and the cost is given at \$2000.

Born to Mr. and Mrs. Vern Garrison, of Isabel street, a four-pound baby girl, at the Glendale Sanitarium October 13, 1920. Mrs. Garrison is the sister of Mrs. E. D. Wolbach of Glendale.

Ormond Bradley, who is employed by the Standard Oil Company at El Segundo, has been enjoying a two weeks' vacation which he has spent mostly with his mother, Mrs. Ellen Bradley, 523 Oak street.

A. J. Van Wie, head of the Building Department, and J. W. Stauffacher, City Treasurer, are taking their vacations now but both have such well-trained subordinates, Miss Elizabeth Allen and Wilmet McIntyre in the building department and Miss Lillian Shropshire in the treasurer's office, that the work goes on without a hitch.

Prof. Alfred Cookman, assistant High School coach, took his Midget football team to Hollywood yesterday afternoon to play the high school team there of the same weight and held them to a score of 0 to 0, which was certainly a splendid showing for both teams. A return game will be played Monday on the home grounds and next Thursday the John Muir High School team, Pasadena, will be met.

Mrs. H. R. Sibley, who has been engaged in the real estate business for some months, sold her own residence property, a three-room rear house and two lots at 323 West Windsor Road, recently, for \$5000. She has bought the Brandale apartments at 716-718 South Brand. She and Mr. Sibley are staying with her sister, Mrs. Redfern, at 335 West Windsor Road, until possession of the Brandale is gained.

Rex C. Kelly, district secretary Y. M. C. A. for Glendale, Burbank and Eagle Rock, is just back from Pine Flats summer camp, where he and three other secretaries, Neil Locke and Karl Keeler of Alhambra and T. A. McDonald of Azusa, have been straightening up the camp after the meetings which closed early in September. They also made some improvements, such as putting a roof on the log cabin and felling trees for logs to build a lodge.

Old Penn street, which extended from Columbus avenue to Pacific avenue, one block only, and is now a part of West Maple, shows the effects of the property changes of the past year. Of the 24 houses in the block only four have the same occupants as a year ago. There have been only two new houses built in that time but two more are under construction. More than half the houses that have changed occupants have also changed ownership.

Some recent moves, as shown by the records of the Public Service Department, were as follows: L. B. Howe from 727 East Windsor Road to 3529 Perilla avenue in the Atwater tract; Harry C. Wilcox from 412½ East Harvard to 206½ South Orange; G. C. Chadwick from 526 West Broadway to 112 Palm avenue, San Francisco; G. C. Small from 1018 North Louise to 6107 Compton avenue, Los Angeles; G. C. Schonfeldt from 1711 Gardena to 6371 Yucca street, Hollywood.

Elmer J. Jackson, who recently returned to Glendale after an absence in Illinois of several months, has just bought the Blodgett hardware store in Burbank, corner of Olive and San Fernando Road, and will take possession as soon as some necessary preliminaries are arranged. While disappointed that he did not locate permanently in Glendale, the many friends made by Mr. Jackson while Overland agent here are glad he is to be so close.

As an aftermath of the auto collision at the crossing of Brand and Colorado, Tuesday afternoon, Charles E. Willson, who was driving the Nash that was so badly smashed up and whose wife and mother-in-law were considerably injured, this morning swore out a warrant for the arrest of Geo. Mills, 2103 Highland avenue, Hollywood, who drove the Cadillac that collided with it, charging him with reckless driving. Mr. Willson is a resident of Hollywood, also.

Another fine home is to grace North Orange, in the section between Doran and Burchett, where a great variety of residence building has been done in the past year. There are some large and beautiful homes, costing up to \$10,000, a bungalow court and small houses costing from \$1000 to \$2000. This latest, for which the permit was taken out yesterday, is to be of six rooms and there will be a garage, also. J. M. Melvin is the owner, \$5500 is the price and the location is 610, next to Art Dibbern's beautiful new home of the same size, nearly completed.

# ORDINANCE NO. 404

## MIDWAY GAS COMPANY

AN ORDINANCE OF THE CITY OF GLENDALE GRANTING TO THE MIDWAY GAS COMPANY, A FRANCHISE, GRANTING THE RIGHT FOR A PERIOD OF FORTY (40) YEARS, TO LAY, CONSTRUCT, MAINTAIN AND OPERATE A SINGLE LINE OF PIPE FOR THE PURPOSE OF CARRYING THEREIN OIL, NATURAL GAS, OR ARTIFICIAL GAS UNDER AND ALONG THAT PORTION OF THAT CERTAIN PUBLIC STREET KNOWN AS SAN FERNANDO ROAD IN THE CITY OF GLENDALE.

The Board of Trustees of the City of Glendale do ordain as follows:

Section 1. The right, privilege and franchise is hereby granted to the Midway Gas Company, a corporation, its successors and assigns, for a period of forty (40) years to lay, construct, maintain and operate a single line of pipe for the purpose of carrying therein oil, natural gas or artificial gas, under and along that portion of that certain public street known as San Fernando Road in the City of Glendale, upon the terms and conditions herein mentioned and following a route more particularly described as follows:

Beginning at a point on the northern boundary line of the City of Glendale, said point being within the lines of that certain street in said City known as San Fernando Road; thence following the course of said San Fernando Road to the point of intersection of the Northern property line of that certain street in the City of Glendale known as Doran Street.

Section 2. That the terms and conditions upon which said franchise will be offered for sale and granted are as follows, and the grantee of said franchise or assigns shall be required to file a written acceptance of the terms and conditions thereof with the clerk of the City of Glendale, within thirty days after the passage of the ordinance granting the same.

Section 3. That the grantee of said franchise, his, its or their successors or assigns, shall have the right to construct and maintain such traps and manholes as may be necessary to afford proper access to the said pipes and pipe lines for cleaning and maintaining the same, and said traps and manholes shall at all times be kept flush with the surface of the highway and so located as to conform to any order of the Board of Trustees of said City in regard thereto, and not to interfere with the use of the highway for travel, water mains or permanent culverts along said street. The grantee of said franchise, his, its or their successors or assigns, shall have the right, subject to such regulations as are now or hereafter may be in force, to make all necessary excavations in said highway for the construction and repair of said pipe lines, traps and manholes.

That the pipes to be laid and maintained under said franchise shall be of steel, of good workmanship and of an internal diameter of not less than twelve (12) inches nor more than sixteen (16) inches.

Section 4. That the grantee of said franchise, his, its or their successors or assigns shall furnish and sell to the City of Glendale, or to any person or company operating a distributing system and maintaining the same in the City of Glendale, now or hereafter, gas for domestic and manufacturing purposes, and that the gas so furnished shall be furnished and sold at wholesale rates to said City of Glendale, or other person or company, above referred to, and that the gas so furnished shall be of good quality, free of injurious ingredients and of sufficient purity to be suitable for domestic use or manufacturing use, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request made by the City of Glendale, or by any person operating a distributing system now or hereafter in said City of Glendale, and upon payment of his, its or their reasonable charges for making the connection and for furnishing gas, furnish to such person, company or the said City of Glendale an adequate supply of gas for domestic or manufacturing use, or for both such purposes.

That in the event the said grantee, his, its or their successors or assigns shall in fact convey oil through said system of pipe lines said City of Glendale and all persons residing therein

shall be entitled to receive from said grantee of this franchise an adequate supply of oil for domestic and manufacturing purposes, that the oil so to be furnished by said grantee, his, its or their successors or assigns shall be of the same purity and grade as the oil furnished by said grantee, his, its or their successors or assigns to other customers along said pipe line system and at the termini thereof, and that the grantee of said franchise, his, its or their successors or assigns, shall, upon request from and by said City of Glendale, or by any other person or company operating a distributing system now or hereafter in said City of Glendale for the distribution of oil and upon payment of his, its or their reasonable charges for making the connection and for furnishing such oil, furnish to such person or company or the said City of Glendale an adequate supply of said oil for domestic or manufacturing use or for both such purposes.

Section 5. That all pipes shall be laid not less than two feet under ground, and, unless the Board of Trustees of said City shall otherwise direct, shall be laid along the sides of the highways and shall be within five feet from the curb lines in said street, and shall not be nearer than three feet to the macadamized portion of said road: and in the event that it is necessary to cross any portion of a macadamized road, cement gutter or culvert, the same shall be done in such manner as not to disturb the foundation thereof, and in the event the same cannot thus be done, the said crossing shall be made under a special permit to be granted by the Board of Trustees of said City upon application therefor, said application to be accompanied with a drawing, specifications and explanations, showing the necessity for the same. That during the laying or repairing of any such pipes, any trench or excavation made for such purpose shall, from sunset to sunrise, be barricaded and protected by lanterns placed at distances of not more than one hundred feet apart, along such trench or excavation, one of which shall be placed in the center of any cross street fronting on said San Fernando Road, at the point where said work is in progress.

Section 6. That every pipe line constructed, maintained or repaired under the provisions of this franchise shall be constructed, maintained and repaired in accordance and conformity with all of the ordinances, rules and regulations now in force and that may hereafter be adopted and prescribed by the Board of Trustees of said City of Glendale.

That the work of laying or repairing such pipes or other appliances shall be conducted with the least possible hindrance to the use of said highways for the purpose of travel, and as soon as the laying or repairing of any pipe or appliance is completed, all portions of the highways which have been excavated or otherwise injured thereby shall be placed in as good condition as the same were before the laying of such pipes, to the satisfaction of the Board of Trustees of said City of Glendale. That any damage or injury suffered by any person, by reason of any excavation being improperly guarded during said work, or by any cause whatever in connection with construction, laying or repair of said pipe lines, or pipe, shall be borne by the grantee of said franchise, his, its or their successors or assigns.

Section 7. That the City of Glendale reserves the right to change the grade of said street or any portion thereof over which this franchise shall be granted, and the grantee of said franchise, his, its or their successors or assigns shall at once change the location of all pipes and other appliances laid under said franchise so as to conform to such change of grade. That if any portion of said highway shall be damaged by reason of leaks in any pipe laid under said franchise, or by any other cause, the grantee of such franchise, his, its or their successors or assigns, shall, at his, its or their own expense repair any such damage and put said highway in as good condition as before such leak, or other damage, to the satisfaction of the Board of Trustees of said City.

Section 8. That if the grantee of said franchise, his, its or their successors or assigns, shall fail to comply with any of the instructions of said Board of Trustees with respect to the location of any portion of said system of pipes and pipe lines, or the repair of any damage to highways, within ten days after the service of written notice upon said grantee, his, its or their successors or assigns, requiring compliance therewith, then said Board of Trustees may im-

diately do whatever work is necessary to carry out said instructions, at the cost and expense of said grantee, his, its or their successors or assigns, which costs, by the acceptance of said franchise, said grantee, his, its or their successors or assigns agree to pay upon demand.

Section 9. That the work of constructing and laying said system of pipes and pipe lines, shall be commenced in good faith within not more than four months from the granting of said franchise.

Section 10. That the said grantee of said franchise, his, its or their successors or assigns shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of such grantee and his or its successors or assigns arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of said franchise, but thereafter such percentage shall be payable annually.

And it shall be the duty of the grantee of said franchise and of his or its successors or assigns, to file with the Clerk of said City of Glendale at the expiration of six years from the date of granting of said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of said grantee or his or its successors or assigns or by the oath of the manager or presiding officer of said grantee or his or its successors or assigns, showing in detail the total gross receipts and gross earnings collected or received by said grantee or his or its successors or assigns during the preceding twelve months, arising from the use, operation or possession of said franchise, and within ten days after the time for filing the aforesaid statement, it shall be the duty of said grantee and his or its successors or assigns to pay to the City Treasurer of the City of Glendale the aggregate sum of the said percentage upon the amount of the gross annual receipts arising from the use, operation or possession of said franchise, and if the amount paid is incorrect, in the judgment of the Board of Trustees, they may order the payment of such additional sum as they may find due hereunder, and if not paid, the same may be collected by suit. And any neglect, omission or refusal by said grantee or his or its successors or assigns to file said verified statement, or to pay the said percentage of the said gross annual receipts at the times or in the manner herein before provided, shall ipso facto work a forfeiture of said franchise and all of rights thereunder, to the City of Glendale.

Section 11. That said grantee or his or its successors or assigns shall not sell, transfer, assign or lease said franchise or any part thereof, or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Board of Trustees of the City of Glendale, and nothing in said

franchise contained shall be construed to grant to said grantee or his or its successors or assigns any right to sell, transfer, or assign or lease said franchise or any of the rights or privileges thereby granted except in the manner aforesaid.

Nor shall gas or oil to be carried by the said grantee, its successors or assigns, through the pipe line for the construction of which this franchise is granted be disposed of directly or indirectly to any competitor of said grantee or of its associated or subsidiary companies, operating in said City of Glendale, and be sold therein, except by the consent of the Board of Trustees of said City.

Section 12. That any neglect, failure or refusal to comply with any of the conditions of said franchise shall thereupon immediately ipso facto effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee or his or its successors or assigns from further use of the highways of said City under said franchise; and said grantee or his or its successors or assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Section 13. This ordinance shall take effect upon its publication.

Section 14. The City Clerk of the City of Glendale shall certify to the passage and adoption of this ordinance, and shall cause the same to be published once in the Glendale Evening News, a daily newspaper of general circulation, published and circulated in the City of Glendale.

Passed and adopted this 14th day of October, 1920.

ANN P. BARTLETT,  
President pro tem of the  
Board of Trustees of the  
City of Glendale, California.

Attest:  
J. C. SHERER,  
City Clerk and ex-Officio Clerk  
of the Board of Trustees of the  
City of Glendale, California.

W. E. EVANS,  
City Attorney of the City  
of Glendale.

State of California )  
County of Los Angeles ) SS.

I, J. C. Sherer, City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Glendale, do hereby certify that the foregoing ordinance was passed and adopted by the Board of Trustees of the City of Glendale at its regular meeting held on the 14th day of October, 1920, by the following vote:

Ayes: Bartlett, Henry, Robinson, Stephenson.

Noes: None.

Absent: Shaw.

Dated, October 14, 1920.

## BIG FAIR

DISPLAY AT RIVERSIDE IS ON  
IN FULL SWING ECLIPSING  
FORMER SHOWS

The Big Fair at Riverside is on in full blast, and it far eclipses anything of the kind ever produced in the State of California, with the exception of the State Fair at Sacramento, and in some departments even the state fair is eclipsed.

The Livestock Show is a wonderful assemblage of blooded animals of every kind and breed. The Fair Association has doubled its capacity for this year's show and every pen and stall is filled. There are over 200 racing horses; 100 big horses on exhibit; 400 cattle; 500 hogs; 200 goats; 1200 poultry, and 200 rabbits.

The display of industries and manufactured products in the big top is most attractive, the leading firms of the south being represented.

The Agricultural Display far exceeded that of last year, which was said to be the best ever seen in this section of the state. Five counties outside of Riverside are making exceptional exhibitions of their land products. In Riverside county fifteen communities are contesting for the handsome prizes offered for community display.

The show of milch goats exceeds the effort of last year when the assemblage of goats was the greatest ever shown at any fair. This year there are more animals than last, and the animals are of a still higher grade than was displayed at the last fair. A number of imported milch goats are shown, and there are entries from as far east as Vermont.

The Poultry Exhibit is the largest ever shown at Riverside, this being the ninth poultry exhibition. There is a wonderful showing of pigeons and also of bantams.

The educational features in the different departments have been worked out in a very attractive and advantageous way for the benefit of growers and breeders. Heads of departments and specialists in their various lines from Davis, the State Department of Agriculture, and even from the Federal Department, are present to hold demonstrations and assist in every educational effort.

The Farm Bureau has devoted its efforts this year to a demonstration of the junior work which that organization of the agricultural department is promoting for the benefit of the young grower and breeder. It is a very interesting and valuable exhibit.

The Tractor Show is housed in a large section by itself, and is attracting a great amount of interest. The Auto Show, under its big top, is putting up a fine display of pleasure cars.

The racing program this year is the largest that has been provided on the Pacific Coast for the season. There are more harness horses and runners at Riverside this fall than at any race meet in the United States outside of the Grand Circuit. These races are in charge of real race men, and the lovers of fast horses and of a good race will be pleased with what they find on the program this fall.

Free amusements, and the amusement pavilions, furnish attractions that are better than ever before brought South, and the program of every day is an attraction within itself. No one should miss seeing this great show which is a credit to the association, and on which there has been expended so much effort and money to assemble.

## All Worth Seeing

Whistler's amusing personal conceit is illustrated in the following story: Meeting a friend entering a private view at the Grosvenor gallery, the artist took him up to a full-length portrait he was exhibiting of Lady Archibald Campbell. After the friend had expressed his appreciation of the beautiful work, he asked Whistler if there were any other pictures he would advise him to look at.

"Other pictures?" said the artist in a tone of horror, "other pictures! There are no other pictures. You are through!"

## Housing Shortage

With city officials throughout the country confronted with a serious housing shortage and immigration authorities considering means of diverting the immigrant stream away from the congested centers of population, the possibility of relieving the situation by means of a "back to the soil" movement on a constructive and comprehensive basis is not to be ignored.

Thousands of our immigrants are skilled farmers and turn naturally to the land, but they are soon discouraged by experiences like that of a Russian in California, who writes:

"I do not dream of buying a farm any more. I have tried it twice. The first time they sold me a farm with a forged document, and I lost \$800. The second time I was buying a farm through a Russian-American agent in Salt Lake City. This agent cheated many confident Russians. They bought the farms from him without having seen them. Everyone thought he was an honest man, but he gathered from somewhere the best fruits and vegetables, and showed photographs of good cattle, and splendid fields. And he praised the place, and called it a second paradise. He took \$25 for an acre, and said that the company who sold the property would probably buy it back again in five years for \$35 an acre. And our people bought as much as they could of this wonderful property. They sold their homes to do this, and I myself gave all the money

I had—\$4000. And when we all arrived at the place we found a waterless desert. Several families returned immediately seeing their mistake, but about thirty families remained there tilling the soil and suffering hunger. And soon they saw that what they had planted did not grow, and what came out soon dried up. And they could not dig deep enough to find water in wells. And so they were obliged to leave everything and go to the nearest cities in order to earn enough money to go away. And all their houses and all their property were lost. Probably this agent received a good sum from the company for cheating the Russians. That is what happens to the Russian people in America."

SACRAMENTO, Cal., Oct. 14.—(United Press.)—Thomas Patterson, chief deputy in the marriage license bureau of the county clerk's office, attributes an unusual increase in marriages recently here to the drop in prices of automobiles, sugar, tires and necessities. "Guess they figure two can live as cheaply as one when prices are tumbling," said Patterson, who issued 174 licenses in September, as compared with 141 in September, 1919.

The jail-bird is a fellow who had his wings clipped by the law because he flew too high.

## More Than a Safe Place

The man who regards this bank as merely a safe place for his money isn't taking advantage of what we can and will do for him.

The man who wants to get the most out of his bank connection knows that he is at liberty to come to us for any service that a modern bank might be expected to render.

He knows:

That our Escrow department is in charge of experts who are at his service.

That our fire-proof vaults, protected by an electric burglar alarm, provide a safe place for his valuables.

That his money placed at interest here will return him a rate of interest consistent with the security we offer.

That he is at liberty to consult with our officers at any time.

That we want him to feel at home here.

## WOMAN TRIUMPHANT

ADDRESS BY MRS. HUTCHINSON,  
NEW PRESIDENT TUESDAY  
AFTERNOON CLUB

All down through the history of the ages past woman has been given many important places of historic value.

She has held places of prominence alike in fame and shame; she has been the inspiring force in leading men to victory and to defeat. She has been honored for her religious zeal and burned at the stake as a heretic. She has been worshiped by some as a heroine and guillotined by others as a traitor. She gave birth to the Saviour of mankind and yet upon her is laid the charge of the first sin on earth, and ultimate downfall of its people.

Poets sing songs of her graces and charms and writers extol her virtues; surely, woman thou art fearfully and wonderfully made.

In pursuing the history of famous women one is impressed by facts that woman is the greatest enemy of woman. There is a worn and trite saying that the female of the species is more deadly than the male. Man being endowed with a polygamous nature has kept the female of this species in a deadly state of fear; lest the charms of her sister in bonds would serve to outdo in her desire for supremacy; for this reason jealousy and pettiness is credited to woman which has proven a yoke of inheritance and difficult to dispossess.

The history of early womanhood shows her to be the burden bearer of her people, the first transportation service the world has ever known was upon the back of a woman, and she has ever proven herself capable to bear whatever is asked of her from those whom she loves and serves—thus faithfulness and loyalty has become a part of the rich endowment to which woman is heir.

Go with me through the history of the world and survey hastily the lives of women whose beauty of character, strength of reasoning, and forceful execution have made their names stand pre-eminently in history among the notable characters of their time.

It has been said that the greatest gifts to humanity have come from the women who have never married, but have concentrated all their energies upon a chosen work; while it is true that Clara Barton, Susan B. Anthony, Louise M. Alcott, Charlotte Cushman, Frances Willard and many more gave their time, their talents and ultimately their lives, to the cause dear to their hearts, yet who can deny the equal greatness and value to humanity of the lives of such women as Julia Ward Howe, Mary A. Livermore, Lucretia Mott and Harriet Beecher Stowe, who married, maintained homes and yet gave to humanity a life full of rich and valuable service?

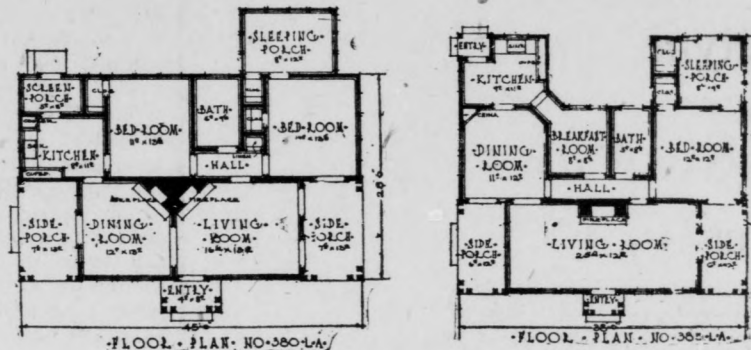

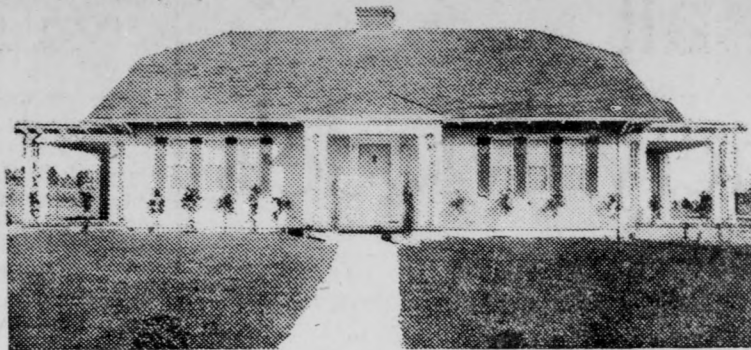

Out of the smouldering records of bygone ages any competent student can gather ample evidence of the capability of woman to fill any place to which fate may summon her, not every woman can fill every place more than every man can, but give the need and an individual will appear to fill that need.

Without appreciating some of the heights to which the feminine mind is capable of rising, and the infinite variety of its flights, the stubborn conservatives of today, who would deny woman an equal share in the government of our nation, make a forlorn plea that as woman can not fight the battles of her government therefore she is not entitled to a share in guiding its destinies. Shall we say that Lord Raglan or Florence Nightingale won the greatest honors in the Crimean war? Or is it the memory of Gen. Grant or that of Clara Barton that has lingered longest in the minds of our people—because of effective service to fellow-man, one still feels the irresistible force of the character of these brave women and are impelled to action, because of the sacrificial service of their lives. The call of the government was for woman and in answer came woman triumphant.

If you are a student of social welfare, you cannot fail to be impressed with the condition of women throughout the old world working side by side with the men, their backs bent and hands hardened by toil, in fact, almost beasts of burden, no thought of the finer things of womanhood, no equality of sexes, no voice in government, education withheld except from the rich, the day of their emancipation seems far distant. In China and Japan the women are rising as a turbulent tide against the barriers of tradition and superstitions asking that they be allowed to exercise their God-given powers and think for themselves. They will arise and shake off their shackles, looking to America for strength and succor they will take new courage and place upon the pedestal of history woman triumphant.

Philosophers tell us that skirts were put on woman to impede her movements that she might not so easily escape from her male proprietors, but time brings its revenge, today woman comes into her own and many a man stands trembling on the brink of uncertainty, he cannot fathom just what use will be made of this new-born freedom.

Having been taken from the class

## A Bonnie Bungalow

Yes, but its merit is not all in its graceful lines nor is its attraction all in its outward appearance, although the porches on either side do give it an unusually inviting and homelike look.

If you'll study the two sets of floor plans you will see that both are conveniently arranged.

## Our Plan Book Service

Contains hundreds of bungalows as attractive and convenient as this one. You are welcome to select your plans from this service if you are going to build.

of idiots and insane to which she was assigned the world is asking—what will she do?

The twentieth century of this Christian era is the period of transition for woman, from out the days of bondage she emerges, a free untrammelled mind, pitting her limited experience against the criticism and distrust of an unsympathetic world.

The woman of tomorrow will not differ from the woman of yesterday in femininity or physique, in capability or charm, in her love of children or men, but will respond quickly to a changed environment.

For 71 years the women of America have struggled and worked for the day she now hails with delight, the day when 17 million women are enfranchised and attain their just and legal rights of citizenship.

Now to the future, the past is gone, the horizon is broad and far distant and the way seems beset with snares and intrigue.

With the onward march of civilization come higher ideals of womanhood, a just wage for service rendered, a proper realization of woman as a factor in the lives of men and the nation, a home life built upon the foundation of equality.

The club women, with their acquired education in public affairs, must be leaders in this forward stride and increase their activity in all lines, educational and civic work paving the way for their more timid sister.

One is impelled to feel that upon the shoulders of woman rests the world, for without woman the home is lost, without the home the nation is lost. The home is the hearthstone of the nation and from it must go the men and women of tomorrow—trained in citizenship—ready to take their places in the world with honor to the mother who has guided their young footsteps.

When the sages among men shall behold the finished page then, oh then, is woman triumphant.

SEATTLE, Wash., Oct. 14.—(United Press.)—Sometime when you have a hundred hours or so to spare, count up to 600,000, if you want an idea of the task just finished by G. Dallas Hanna, special agent for the United States government. Hanna, who each year takes a census of the fur seals that breed on the Pribilof Islands, has completed his annual job and is now in Seattle. His census this year is expected to show there are about 600,000 seals in the great Alaskan herd. This figure, as compared with a total of 215,738 seals in 1912, proves the manner in which government regulations are bettering sealing conditions.

#### NOTICE OF SALE OF PROPERTY

Delinquent for Non-Payment of Bond  
Issued for the Erection of Canada  
Boulevard Bridge and Protection  
Work in the City of Glendale, California.

Default having been made in the  
payment of the installment of the  
principal and interest of that certain  
street improvement bond hereinafter  
described which became due on the  
second day of July, 1919.

And the holder of said bond having,  
on the sixth day of October, 1920,  
duly demanded in writing that the  
City Treasurer of the said City of  
Glendale proceed to advertise and sell  
the lot or parcel mentioned in said  
bond and hereinafter described, to  
represent an assessment upon which  
said bond was issued for erecting  
Canada Boulevard Bridge and  
Protection Work in the City of Glendale,  
pursuant to and under the provisions  
of Resolution of Intention No. 744  
of the City of Glendale and the said  
bond, or its unpaid remainder,  
with accrued interest, as expressed in  
said bond, having thereupon become  
due and payable immediately, and  
upon the day following, to-wit: the  
third day of July, 1919, having become  
delinquent, and the whole  
amount due on said bond not having  
been paid;

Now, Therefore, notice is hereby  
given that I, J. W. Stauffacher, City  
Treasurer of the City of Glendale, under  
and by virtue of the authority  
vested in me by law, will on the tenth  
(10th) day of November, 1920, at  
the hour of eleven o'clock a. m. of  
said day, sell at public auction the  
real property hereinafter described  
and mentioned in said bond, at the  
office of the said City Treasurer, in  
the City Hall of said City of Glendale,  
No. 619 East Broadway, unless the  
amount due on said bond and the interest  
due thereon, together with the cost  
of publication of this notice, are paid,  
according to law; and that I will  
so sell the same to the person who  
will pay the amount of unpaid  
principal and interest due on said  
bond, together with the cost of publication  
of this notice; that the said  
sale will be made in accordance with  
and under the provisions of an Act  
of the Legislature of the State of California  
entitled: "An Act to Provide  
a System of Street Improvement  
Bonds to represent certain Assessments  
for the Cost of Street Work,  
and Improvement within Municipalities,  
and also for the Payment of  
such Bonds," approved February 27,  
1893, and amendments thereto.

That the said bond referred to in  
this notice is described as follows:  
Street Improvement Bond, Number  
187, Series 1, Assessment Number  
233, in the City of Glendale, County  
of Los Angeles, State of California,  
for the sum of Nineteen and 24-100  
dollars, (\$19.24) bearing interest at  
the rate of seven per cent per annum,  
issued for the erection of Canada  
Boulevard Bridge and Protection  
Work in the City of Glendale.  
Said bond is dated May 16th, 1916,  
and is issued to represent the assessment

upon the hereinafter described  
property mentioned in said bond for  
the street improvement above mentioned.

That the property mentioned in  
said bond, and to represent the assessment  
against which for said  
street improvement, said bond was  
issued, is that certain parcel of land  
situate in the City of Glendale, County  
of Los Angeles, State of California,  
more particularly described as follows,  
to-wit:

All that part of Lot 2 of the Verdugo  
Estate, as per Map Book 15,  
Page 34-35, lying West of a line  
drawn 600 feet Easterly from and  
parallel with the Easterly line of Verdugo  
Canyon Road.

That the amount due on said bond  
is as follows:

Due on principal thereof Seventeen  
and 50-100 dollars, (\$17.50); due on  
account of interest accrued on said  
bond One and 74-100 dollars,  
(\$1.74); total amount due on said  
bond Nineteen and 24-100 dollars,  
(\$19.24);

That the name of the owner of  
said property mentioned in said bond is  
Unknown.

Unless the amount of said bond as  
aforesaid, together with the cost of  
publication of this notice is paid, the  
real property mentioned in said bond,  
and hereinafter described, will be  
sold at public auction, as aforesaid,  
on the tenth day of November, 1920,  
at the hour of 11 a. m. of said day, at  
the office of the undersigned, City  
Treasurer of the City of Glendale, in  
the City Hall, No. 619 East Broadway,  
said City.

This notice shall be published for  
two weeks in the Glendale Sentinel-  
Progress, a newspaper of general circulation,  
published in the said City of  
Glendale, which said newspaper is  
hereby designated by me as the newspaper  
in which this notice shall be published.

J. W. STAUFFACHER,  
City Treasurer of the  
City of Glendale.

Dated, Glendale, California, October  
12, 1920.

#### NOTICE OF SALE OF PROPERTY

Delinquent for Non-Payment of Bond  
Issued for the Improvement of  
Broadway in the City of Glendale,  
California.

Default having been made in the  
payment of the installment of the  
principal and interest of that certain  
street improvement bond hereinafter  
described which became due on the  
2nd day of July, 1919;

And the holder of said bond having,  
on the 21st day of September,  
1920, duly demanded in writing that  
the City Treasurer of the said City  
of Glendale proceed to advertise and  
sell the lot or parcel mentioned in  
said bond and hereinafter described,  
to represent an assessment upon  
which said bond was issued for making  
certain improvements on Broadway  
Street, in the City of Glendale,  
pursuant to and under the provisions  
of Resolution of Intention No. 1043  
of the City of Glendale and the said

bond, or its unpaid remainder, with  
accrued interest, as expressed in said  
bond, having thereupon become due  
and payable immediately, and upon  
the day following, to-wit: the 3rd day  
of July, 1919, having become delinquent,  
and the whole amount due on said  
bond not having been paid;

Now, Therefore, notice is hereby  
given that I, J. W. Stauffacher, City  
Treasurer of the City of Glendale,  
under and by virtue of the authority  
vested in me by law, will, on the  
tenth (10th) day of November, 1920,  
at the hour of eleven o'clock a. m.  
of said day, sell at public auction the  
real property hereinafter described  
and mentioned in said bond, at the  
office of the said City Treasurer, in  
the City Hall of said City of Glendale,  
No. 619 East Broadway, unless the  
amount due on said bond and the  
interest due thereon, together with the  
cost of publication of this notice, are  
paid, according to law; and that I  
will so sell the same to the person  
who will pay the amount of unpaid  
principal and interest due on said  
bond, together with the cost of publication  
of this notice; that the said  
sale will be made in accordance with  
and under the provisions of an Act  
of the Legislature of the State of California  
entitled: "An Act to Provide  
for work in and upon Streets, Avenues,  
Lanes, Alleys, Courts, Places  
and Sidewalks within Municipalities,  
and upon Property and Rights of Way  
owned by Municipalities, and for establishing  
and changing the Grades of  
any such Streets, Avenues, Lanes,  
Alleys, Courts, Places and sidewalks  
and Providing for the issuance and  
Payment of Street Improvement  
Bonds to Represent certain Assessments  
for the cost thereof and Providing  
a Method for the Payment of  
such Bonds." Approved April 7,  
1911 and amendments thereto.

That the said bond referred to in  
this notice is described as follows:

Street Improvement Bond, Number  
40, Series 6, Assessment Number 104,  
in the City of Glendale, County of Los  
Angeles, State of California, for the  
sum of Two Hundred Sixty 04-100  
dollars (\$260.04) bearing interest at  
the rate of seven per cent per annum,  
issued for the improvement of  
Broadway Street, in the City of Glendale  
from a line drawn 10 ft. Easterly  
from and parallel with the Wily  
line of Glendale Avenue to the Easterly  
line of the City of Glendale said  
bond is dated June 30, 1919, and is  
issued to represent the assessment  
upon the hereinafter described property  
mentioned in said bond, and to  
represent the assessment against  
which for said street improvement  
said bond was issued, is that certain  
parcel of land situate in the City of  
Glendale, County of Los Angeles,  
State of California, more particularly  
described as follows, to-wit:

Lot 4, Block 18, McIntyres' Miner  
Tract (Except that portion included  
in Broadway) as per Map Book 9,  
Page 123, Records of Los Angeles  
County, California.

That the amount due on said bond  
is as follows:

Due on principal thereof, Twenty-  
six and no-100 dollars (\$26.00); due

on account of interest accrued on said  
bond, Twenty-two and 60-100 dollars,  
(\$22.60); due on account of  
penalties accrued on said past due  
payments, Four and 33-100 dollars  
(\$4.33); total amount due on said  
bond, Fifty-two and 93-100 dollars,  
(\$52.93);

That the name of the owner of said  
property mentioned in said bond is  
Unknown.

Unless the amount of said bond as  
aforesaid, together with the cost of  
publication of this notice is paid, the  
real property mentioned in said bond,  
and hereinafter described, will be  
sold at public auction, as aforesaid,  
on the 10th day of November, 1920,  
at the hour of 11 a. m. of said day,  
at the office of the undersigned, City  
Treasurer of the City of Glendale, in  
the City Hall, No. 619 East Broadway,  
said City.

This notice shall be published for  
two weeks in the Glendale Sentinel-  
Progress, a newspaper of general circulation,  
published in the said City  
of Glendale, which said newspaper is  
hereby designated by me as the newspaper  
in which this notice shall be  
published.

J. W. STAUFFACHER,  
City Treasurer of the  
City of Glendale.  
Dated, Glendale, California, October  
12th, 1920.

The time seems to be coming when  
a man may again look a dollar in the  
face and not feel sorry for its weakness.

There may be queens of fashion  
all right, but the king bees are the  
ones who are getting stung for the cost.

## Western Electric Dishwasher and Kitchen Table

Think, then, of the wonderful comfort of a dishwasher that does all the unpleasant work. All you have to do is scrape the dishes, place them in wire trays, put in the soap and add boiling water, turn on the electric current, and presto all the dishes are done! The heat of the steam even dries the dishes—all you have to do is to polish the glasses and silverware and put the dishes away.

While the dishwasher is doing the dishes, you can be doing other things. In small families where this dishwasher is used the dishes are often done but once a day—they are stored in the dishwasher and washed all at once.

## TRUSTEES' MEETING

(Continued from Page 1)  
 net. He also recommended that a truck body of special design suitable for water service and repair work be constructed in accordance with specifications furnished by the city, cost not to exceed \$300.00. Action was ordered on these recommendations.

The City Engineer made the following report on petition for the extension of Garfield avenue from Mariposa street to Adams street:  
 Total frontage, 4,836.94 feet.  
 Total petition frontage, 1,377.39 feet.

Petition representing 28% of the frontage.

On motion of Trustee Henry the City Engineer was instructed to prepare specifications for the improvement of Garfield avenue from Mariposa street to Adams street.

The Engineer presented the following estimates for the improvement of Arden avenue:

Sidewalk, 16c per square foot, \$40.00 for 50-foot lot.

Curbs, 45c per linear foot, \$22.50 for 50-foot lot.

Grading, oiling, and rolling, 8c per square foot, \$72.00 for 50-foot lot.

Total cost of work including incidentals, \$147.95 for 50-foot lot.

On motion of Trustee Stephenson it was ordered that the petition for the improvement of Arden avenue be granted and the Engineer instructed to prepare proceedings.

The Engineer presented a map of Tract No. 3399 and recommended its adoption and on motion of Trustee Stephenson the map was approved by Resolution No. 1126.

Demands were presented, referred to the Finance Committee, and were reported back approved and on motion of Trustee Stephenson warrants were ordered to be issued in payment of same.

The report of the audit of the City's accounts was presented and referred to the Committee of the Whole.

The Engineer of the Public Service Department recommended the adoption of supplemental plans in connection with the wells on San Fernando Road to provide that the water from one well cannot find its way into an adjoining well. On motion the plan recommended was approved and adopted.

The City Attorney recommended in regard to the opening of Patterson avenue and of the alley east of Brand boulevard that the City Engineer secure a number of blue prints to be used in connection with these proceedings, and it was so ordered.

The City Attorney reported that in regard to a new bond issue at 6 per cent interest to take the place of the unsold bonds bearing 5 per cent interest, that he had taken the matter up with Attorney J. C. Thompson, of New York City, who gives it as his opinion that the City can legally issue such bonds.

Trustee Stephenson introduced an ordinance calling for a special bond election on November 2, 1920, to vote on an issue of \$100,000 bonds for a recreation center, which was read and laid over for one week.

On motion of Trustee Stephenson the ordinance presented at a previous meeting providing for an election of fifteen freeholders to frame a charter was adopted.

On motion of Trustee Stephenson it was ordered that the blowing of the siren on the fire house of station No. 2 be discontinued.

Adjourned.

**FOR OFFICE OR HOME**  
 A Radiantfire is attractive as well as economical and effective. Heat from

**The Humphrey Radiantfire**

has more penetrating and warming quality than heat from any other agency. You will notice this superiority as soon as you feel Radiantfire warmth.

Constructed on a new principle which enables you to have heat, from gas, available as you have light. It throws heat rays like sun rays into the room without any noise or odor.

Your choice for a fireplace, also in portable models.
